

Rickmansworth School

Summary

Odyssey Education works closely with Rickmansworth School. Rickmansworth School is a large Secondary Phase Academy situated in Hertfordshire. The School is currently undergoing a vast renovation across the entire site to ensure it can maintain its high level of attainment and drive outstanding education. We have worked with our partners NetSupport to provide Rickmansworth teachers with an easy-to-use tool for managing and supporting IT assets. This has allowed Rickmansworth students to experience a much safer internet experience due to NetSupport DNA's safeguarding tools.

What is NetSupport DNA?

NetSupport DNA is a complete solution for schools that provides IT Asset Management, Classroom Management and Safeguarding features. It is an easy-to-use IT tool which helps to support teachers in managing IT assets across their school network. It has many features designed to make IT management much easier for teachers.

Features:

The features include hardware and software inventory; automatic discovery of devices; change tracking and software license management. NetSupport DNA builds on the flexibility of a single solution for schools, also including: energy monitoring; power management; USB endpoint security; printer monitoring; application and internet metering; a flexible altering suite; and an easy-to-use software distribution module.

eSafety and safeguarding are supported with a keyword and phrase monitoring of any online activity that may place a student at risk; internet monitoring of websites visited; the option for students to report concerns directly to trusted staff- and much more.

Consultation

Here at Odyssey, we work with our clients on a personal level to ensure they receive the best service possible. Rickmansworth school contacted us as they wanted to improve their eSafety to ensure it met the guidelines of the Government Strategy Prevent. We worked with the school over a period of about 4 months to first get a feel for the way they worked to ensure that we were providing them with the most relevant solution. We then went through a period of demonstrations to explain to Rickmansworth what it was that we would be providing them with. Due to our fantastic relationship with NetSupport, we could provide Rickmansworth School with a great price which met their budget.

As a forward-thinking school, we pride ourselves on our use of technology. Odyssey Education have worked with us on a number of projects, and each time, it has been a successful, stress free deployment with expert advice to help phase the deployments, meeting tight timescales and our budget.

Till Maina, Rickmansworth School
