

# SHARP

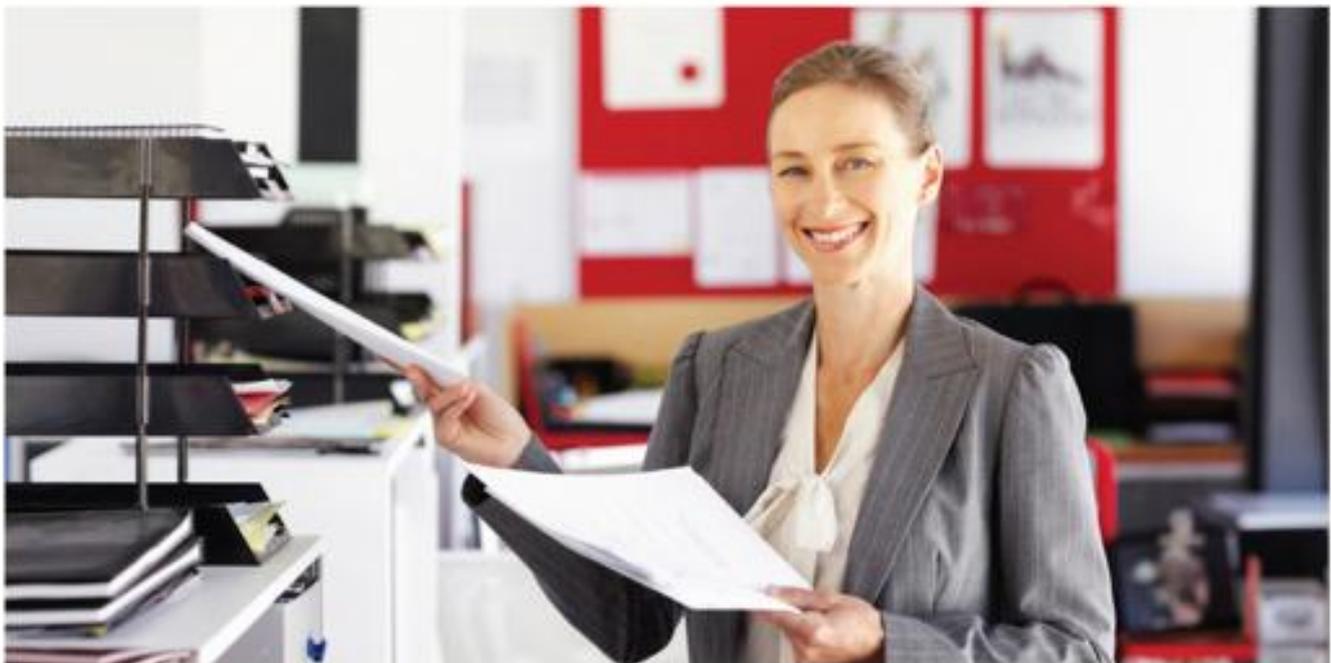

Cost effective and eco-friendly print solutions

Sharp is a leading provider of document solutions to schools, colleges and universities. They have over 30 years' experience of working in the education sector, and are currently working with thousands of educational establishments across the UK. Odyssey Education work with Sharp to bring schools and academies cost effective and eco-friendly print solutions.

**Odyssey and Sharp understand that every school's print requirement is as unique as its pupils. This is why we have developed a range of versatile and user friendly MFPs, to provide the very best in reliability, flexibility and affordability.**

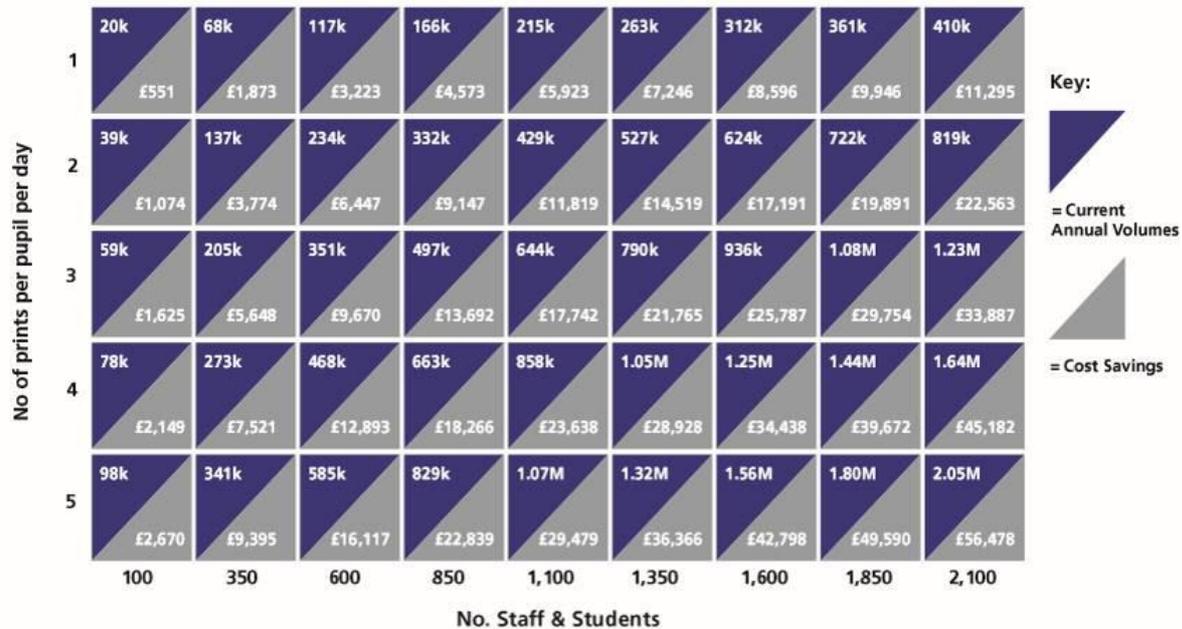

Here at Odyssey we have worked with Sharp to provide schools such as Ilkley Grammar school and Ralph Thoresby School with brand-new print solutions throughout, saving them a **substantial** amount of money in the long run. Here's how we made it **possible**:

## Cut printing costs

Sharp can help you optimise your print **environment** and gain total control of your print fleet, with benefits such as automated reporting on print volumes, costs, users and device performance. Many schools we work with are now enjoying the benefits of **significant cost savings**.

### Usability

Sharp MFDs help create a more **comfortable, less stressful** working environment. User-friendly features allow easy operation for both staff and students:

- Intuitive touch screen controls ensure ready access to **high-performance** document functions.
- The Home screen can be customised for individual users by programming their most frequently used functions and settings.
- The Enlarge Display mode brings added readability— a range of screen colours and languages can also be chosen.

### We are an environmentally advanced company

To become an **environmentally advanced** company has represented Sharps core philosophy since 2004.

We are proud to say that nearly all Sharp multifunctional printers carry the respected Energy Star label and hundreds of them have received international awards for their **outstanding eco-friendly**

**design.**

A recent project allowed our customer to **reduce their carbon footprint by 19,000 tones of CO2** per annum by replacing their legacy printers.

### Attentive, onsite support

Our commitment to **outstanding service** and customer support sets us apart. You will receive unrivalled support from a company that has an enviable reputation within the industry for outstanding service and customer support delivery.

We are proud of our service standards and work hard to deliver outstanding service to all of our customers. With field based engineers and technicians based all over the UK onsite **support is always on hand** whatever your query.

TAKE CONTROL OF YOUR PRINTING AND DOCUMENT MANAGEMENT WITH SHARPS RANGE OF SOFTWARE SOLUTIONS
